presents

# Walking Days

If you want to get exercise, fresh air and meet people in our community then "Walking Days" are for you!

We will gather in Bruno Melini Park at the walking track behind the Louise Basile Center.

You can partner with others that walk the same speed or distance as you. You can also choose to walk solo but still be in the company of others for safety!

We will begin walking daily on Tuesday, May 10 at 6:30 pm. We will continue walking at the same time everyday throughout the summer. "Walking Days" will continue until the end of Fall. We hope this will give everyone the opportunity to participate regardless of what day you choose to join us.

For further information, contact Ernie Merighi at 856-297-4234
